

# NEW U.S. BEVERAGE PRODUCT DATABASE SUBSCRIPTION

2023 EDITION (To be published August 2023) 1-year subscription

**G**et a handle on innovation as it happens! The *New Beverage Product Tracking Database* allows you to track innovation in real time. Query new products and line extensions for non-alc and alc products and get a quick read on new market entrants as soon as products are announced. Query by a broad range of attributes including flavor, pack type, sweetened vs. unsweetened, calorie class and more. Our goal is to get the word out fast so whatever information is immediately available we'll make sure it gets in the database ASAP! You can also track the number of products sharing particular attributes so you get a read on what is trending and much more.
